

Volunteer Researchers needed!

Do you have access to the internet and an hour spare? Would you like to earn a \$50 book voucher and contribute to the support of Australia's researchers?

ANDS (www.ands.org.au) is building the Australian Research Data Commons: a cohesive collection of research resources from all research institutions, to make better use of Australia's research outputs.

Our research portal, Research Data Australia is about to get a makeover, and we want to know what you think about it before it goes live. We need an hour of your time to look at the site and complete a survey, anytime that suits you between 13 and 16 September 2011.

You can complete the survey from any PC with internet access.

All responses are kept anonymous.

If you can help, or you'd like more information before signing up, please email services@ands.org.au.
